About Us

Rast Family Farms have been in operation since 1889, harvesting generations of appreciation for hard work, honesty, and dependability. Southern living at it's finest, and hardest of times. Through it all – we pull together, for the love of God, Family, Land, and Selflessness.

Jesse Rast Enterprises has taken the family values from decades of farming, planting the seed for a better way to procure farm and agricultural equipment by eliminating “the man”, speeding up delivery, and doing what’s right. Family is special and we choose to specialize in farm and agricultural equipment.

Unlike traditional distribution, Jesse Rast Enterprises runs the equipment that is available in our portfolio.

Farm life is not transactional, and you will feel the difference in honest guidance and feedback by becoming a part of the Jesse Rast Enterprises family.

SEED TITAN™ SEED TENDERS

MERIDIAN

MERIDIAN

SEED TITAN™ SERIES

2SE SEED TITAN™

100 Units | 2 Boxes

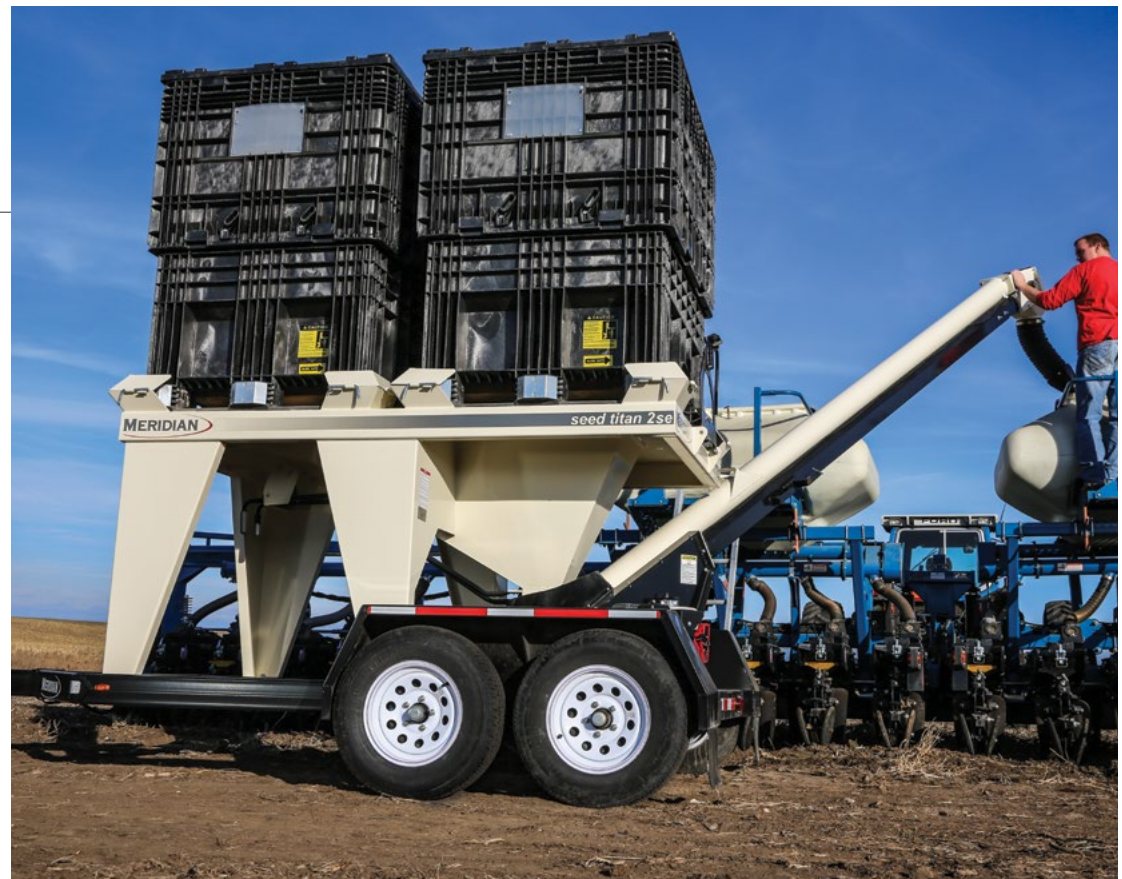

STANDARD FEATURES:

1. Unloads up to 1200lbs/minute
2. Patented Self-Centering Box Guides
3. Secure lock-downs
4. Easy gate controls
5. T7000ST trailer
6. 6" conveyor w/8" Meridian cleated belt
7. 180° conveyor rotation
8. Powder coat finish
9. Electric start Honda gas engine

OPTIONS:

11. Scale package
12. Spouts
 - 3-tier spout
 - Short spout - 48"
13. Talc applicator

SPECIFICATIONS	2SE
Discharge Height	10' 1"
Width	7' 5"
Deck Height	5' 3"
Raised Conveyor Height	11' 3"
Tank Capacity	100 Units 2 Boxes

The Titan 2SE is designed to accommodate two bulk seed boxes. Patented Meridian Cleated Belt conveyor allows for larger volume seed transfer at a reduced speed into individual planter seed boxes or a bulk fill planter. The Seed Titan 2SE works great for handling commodities like corn, beans, rice, cotton, wheat and oats.

SEED TITAN™ 4SE BOX TENDER

4SE SEED TITAN™

200 Units | 4 Boxes

STANDARD FEATURES:

1. Unloads up to 1200lbs/minute
2. Patented Self-Centering Box Guides
3. Secure lock-downs
4. Easy gate controls
5. T14000ST trailer
6. 6" conveyor w/8" Meridian cleated belt
7. Ultimate Reach Conveyor™
8. Powder coat finish
9. Electric start Honda gas engine

OPTIONS:

10. Auto-Convey scale package
11. Spouts
3-tier spout
Short spout - 48"
12. Talc applicator

SPECIFICATIONS	4SE
Discharge Height	11'-11"
Width	8' 3"
Deck Height	6' 10"
Raised Conveyor Height	13'2"
Tank Capacity	200 Units 4 Boxes

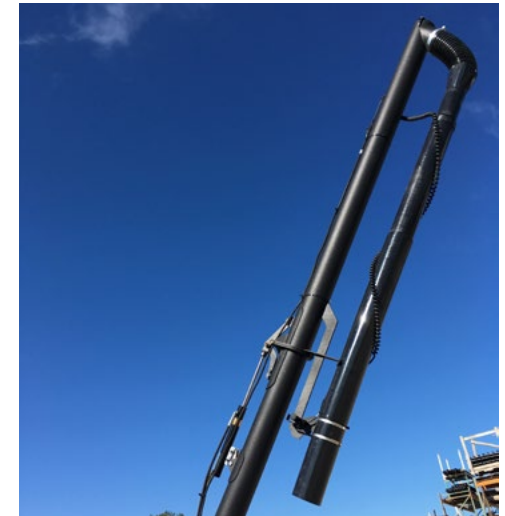

Designed to accommodate four bulk seed boxes, the Seed Titan 4SE was developed for operations that purchase their seed in bulk boxes, giving producers the flexibility of taking up to four different seed varieties to the field. Meridian's 19 ft. ultimate reach conveyor allows for increased discharge height and reach into individual planter seed boxes or a bulk fill planter. This model can be equipped with an optional scale kit to help ensure even filling. The Seed Titan 4SE works great for handling commodities like corn, beans, rice, cotton, wheat and oats.

PEOPLE.

The driving force at Meridian Manufacturing is the committed ingenuity of employees and dealers, as well as relationships built with our valued customers. Our team takes pride in the work we do and are committed to delivering innovative and reliable storage and handling products.

PRODUCTS

For Meridian Manufacturing, integrity means setting standards in product and service excellence. As a proven industry leader, our commitment to product innovation and customer support is our greatest pursuit.

PERFORMANCE

Our people and products deliver quality performance for you and your operation. We believe that when you are successful, so are we.

MERIDIAN SEED TENDERS

TAKE THE WORK **OUT OF LOADING SEED**

Meridian offers a great selection of seed tenders in the seed handling industry and can accommodate any farming operation. We take the work out of loading seed into your planter or drill—decreasing the downtime in the field in order to keep your tractor and planter moving.

We've optimized our tenders for various seed products and our service starts by helping you select the unit with the options and accessories to best suit your farming operation. Meridian has a large dealer network and sales team available to help you choose the right seed tender for your operation.

112BST SEED EXPRESS™

110 Units | 88 Bushels | 1 Compartment

STANDARD FEATURES:

1. 6" poly-cup auger
2. Unloads up to 400lbs/minute
3. 11' 11" Discharge Height
4. Remote throttle control
5. Steel lid
6. Manual flow control gate
7. Collapsible auger for transport
8. Field / transport rest for spout
9. 3 tier spout with remote switch
10. Access ladder
11. Electric start Honda motor
12. View glass
13. High impact powder coat exterior

OPTIONS:

14. Trailer
15. Electric over hydraulic auger lift
16. Wireless key fob

SPECIFICATIONS	112BST
Overall Length	12' 9"
Width	8' 2"
Height- floor to top of body	8' 2"
Raised Auger Height	13'
Tank Capacity	112 Units 88 Bushels

OPTIONAL TRAILER FEATURES:

- Electric brakes
- Torsion axle(s)
- 2 5/16 ball hitch coupler
- Battery break-away
- Wire harness w/ 7-pin connector
- High impact black powder coat finish
- L.E.D. lights

The 112BST has a compact design loaded on a trailer. This is a simple, basic unit that gives you the ability to reduce seed damage and fill planter boxes easily. The 112BST works great for handling commodities like corn, beans, wheat and oats.

225RST SEED EXPRESS™

225 Units | 180 Bushels | 2 Compartments

STANDARD FEATURES:

1. Bulk fill 6" poly-cup auger
2. Unloads up to 400lbs/minute
3. Agri-Cover spool tension roll tarp
4. 3 tier spout with remote switch
5. Electric start gas engine
6. Manual flow control gates
7. (2) 112 unit compartments
8. (2) view glasses
9. Fold-down side access ladder
10. High impact powder coat exterior

OPTIONS:

11. Trailer with torsion axles and electric brakes
12. Electric fold-over lift assembly
13. Scale package
14. Wireless key fob

SPECIFICATIONS	225RST
Overall Length	15' 3"
Width	8' 3"
Height- floor to top of body	9' 8"
Raised Auger Height	15' 6"
Tank Capacity	225 Units 180 Bushels

OPTIONAL TRAILER FEATURES:

- Electric brakes
- Torsion axle(s)
- 2 5/16 ball hitch coupler
- Battery break-away
- Wire harness w/ 7-pin connector
- High impact black powder coat finish
- L.E.D. lights

The 225RST unit is equipped with two compartments and holds enough seed to keep you in the field all day. It is user-friendly and very reliable. This basic model works great as a tender for planters with individual boxes and bulk fill planters. Fill your planter with ease by using the control located at the end of the spout. The 225RST is great for handling commodities like corn, beans, wheat and oats

240 BASIC SEED EXPRESS™

240 Units | 192 Bushels | 2 Compartments

STANDARD FEATURES:

1. 6"x19" conveyor tube with 8" patented cleated belt
2. Unloads up to 1200lbs/minute
3. Hydraulic variable speed conveyor
4. Agri-cover spool tension tarp
5. Easy access ladder
6. 180° conveyor swing
7. High impact powder coat exterior
8. Electric start Honda motor
9. 3 tier spout with remote switch
10. (2) view glasses
11. Hydraulic raise/lower
12. 2 5/16" ball hitch
13. Bumper hitch trailer with 7000lb torsion axles with electric brakes
14. Sample gates US Patent #6396003

OPTIONS:

15. Talc applicator

SPECIFICATIONS	240 Basic
Overall Length	24' 2"
Width	8' 3"
Height- floor to top of body	9' 6"
Raised Conveyor Height	11' 4"
Conveyor Spout Reach	13' 6"
Tank Capacity	240 Units 192 Bushels

TRAILER FEATURES:

- Electric brakes • Torsion 7K axles • 2 5/16 ball hitch coupler • Battery break-away
- Wire harness w/ 7-pin connector • High impact black powder coat finish • L.E.D. lights

The Meridian 240 Basic is a simple, straight forward tender that features a hydraulic lower and raise conveyor for start/stop operation with variable speed settings. It also includes manual gates and conveyor rotation along with an electric start engine.

240RT SEED EXPRESS™

240 Units | 192 Bushels | 2 Compartments

STANDARD FEATURES:

1. 6" 19' cleated belt hydraulic drive conveyor
2. Up to 1200lb/ per min discharge
3. Hydraulic variable speed conveyor
4. Agri-cover spool tension roll tarp
5. Easy access ladder
6. (2) 120 unit compartments
7. Honda motor
8. Hydraulic swing & raise/lower

9. Hydraulic gates
10. 6 function wireless remote w/ LCD display
11. (2) view glasses
12. Remote engine start/stop
13. High impact powder coat exterior
14. Sample gates US Patent #6396003

OPTIONS:

15. Trailer
16. Talc applicator
17. 10" 2-tier spout
18. 10" flex spout
19. Quick-tach
20. Auto-convey™ scale
21. 8" Conveyor (up to 2,500lb/m)

375RT SEED EXPRESS™

375 Units | 297 Bushels | 2 Compartments

STANDARD FEATURES:

1. 8" 21' cleated belt hydraulic drive conveyor
2. Up to 2500 lb/ per min discharge
3. Hydraulic variable speed conveyor
4. Agri-cover spool tension roll tarp
5. Easy access ladder
6. (2) 188 unit compartments
7. 6" poly-cup auger
8. Electric start Honda motor

9. Hydraulic swing & raise/lower
10. Up to 11' 7" discharge height
11. Hydraulic gates
12. 6 function wireless remote w/ LCD display
13. High impact powder coat exterior
14. Sample gates US Patent #6396003

OPTIONS:

15. Tri-axle bumper or gooseneck trailer
16. Talc applicator
17. 10" 2-tier spout
18. 10" flex spout
19. Quick-tach
20. Auto-Convey™ scale

SPECIFICATIONS	240RT	375RT
Overall Length	30' 10"	39' GN Trailer
Width	8' 3"	8' 6"
Height- floor to top of body	9' 6"	10' 7"
Raised Conveyor Height	11' 4"	13' 0"
Tank Capacity	240 Units 192 Bushels	375 Units 297 Bushels

OPTIONAL TRAILER FEATURES (240RT/375RT):

- Torsion 7K axles on triple axle trailer • Electric brakes • Bolt-on bumper hitch
- 2 5/16" ball hitch coupler • Battery break-away • Wire harness w/ 7-pin connector
- High impact black powder coat finish • L.E.D. lights

The 240RT & 375RT feature Meridian's advanced five feature control system with hydraulic drive to adjust discharge height, rotate conveyor 180 degrees to the left or right, open/close the gates, start/stop the conveyor or run the conveyor drive system as well as starting/stopping the engine. It is conveniently controlled via a wireless remote.

405SLD SEED EXPRESS™

400 Units | 320 Bushels | 2 Compartments

STANDARD FEATURES:

1. 8" x 24' cleated belt conveyor
2. Agri-cover spool tension roll tarp
3. Triple 7000 # torsion axles (tandem 12000 spring optional)
4. 2 5/16" ball hitch (GN Optional)
5. Up to 15' discharge height
6. Up to 2500lb per min discharge rate
7. Self-filling three function
8. View glasses
9. Hydraulic swing, raise/lower, and gates
10. 6 function wireless remote
11. Easy tow rounded front
12. Load sensing hydraulics
13. Electric start Honda motor
14. High impact powder coat exterior
15. Wi-fi embedded master control box
16. Remote engine start/stop
17. Sample gates US Patent #6396003

OPTIONS:

18. Tandem axle
19. Auto Convey™ scale
20. Talc applicator

SPECIFICATIONS	405SLD
Overall Length	30' 1"
Width	8' 3"
Height- floor to top of body	10' 1"
Raised Conveyor Height	14' 8"
Conveyor Spout Reach	17' 7"
Tank Capacity	405 Units 324 Bushels

REMOTE STANDARD

TRAILER FEATURES:

- Torsion 7K axles on triple axle trailer -or- • Spring 12K axles on tandem axle trailer
- Electric brakes • 2 5/16 ball hitch coupler • Bolt-on bumper hitch or gooseneck trailer
- Wire harness w/ 7-pin connector • Battery break-away • L.E.D. lights
- High impact black powder coat finish

The Meridian 405SLD features a 24' conveyor with a 15' discharge. The long reach prevents unnecessary repositioning of the unit and fills the tallest bulk fill planters. New load sensing hydraulics gives precise and smooth operation for each function. A 3 in 1 conveyor is a convenient self-loading feature and gives you the choice to use the conveyor independently. Producers can expect 100% clean out due to the steep angle hopper design, open/close the gates, start/stop the conveyor or run the conveyor drive system as well as starting/stopping the engine. It is conveniently controlled via a wireless remote.

WIRELESS CONTROLS

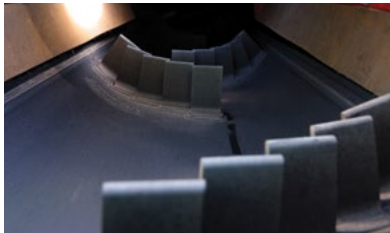

Meridian's wireless remote systems take control to the next level. From a simple wireless optional key FOB for our 112 or 225 to a our robust Mega Remote (standard equipment) for our 240RT, 375RT and 405SLD. This Mega remote allows you to Start / Stop the Engine, Open / Close the gates, Start / Stop / Raise / Lower or Swing the conveyor left or right. In addition, the build-in LCD screen provides real-time readout of the product weight while filling or unloading (requires installation of optional Auto-Convey™ scale system).

HIGH IMPACT POWDER COAT TENDER | BLACK PAINT FRAME STANDARD ON ALL TENDERS

Meridian's premium powder coating has a Salt Spray Rating of more than 2,000 hours, 3-4x more than wet paint standards. The superior adhesion and smooth, long-lasting finish of polyester coating ensures that Meridian Seed Tenders will be incredibly durable and will stand the test of time.

Meridian uses industrial black paint on the frame for increased scratch, rock and chip resistance. The paint is also textured for slip resistance.

CLEATED BELT CONVEYOR

Meridian's Cleated Belt Conveyor will move your seed quickly while protecting its integrity.

Our belt design features more cleats per inch to deliver a consistent flow, and its staggered design alleviates low pressure suction on belt return. The angled cleats help funnel seed to the center of the discharge.

OPTIONAL TALC APPLICATOR

Meridian's talc applicator is available on conveyor style seed tenders. It has the ability to apply talc or graphite to commodities. The internal agitator makes sure that everything flows smoothly.

Available on: Seed Express™ models 240 Basic, 240RT, 375RT, 405SLD

- Ability to apply up to 1/2 pound of talc per minute
- Holds up to 20 pounds of talc in a four gallon container
- Internal agitator keeps talc clump free
- Automatically powers on and off when the conveyor is started
- Manual override switch/speed selector
- Can be used for talc or graphite

All Meridian Tenders are proudly manufactured in Storm Lake, IA. Tenders come with a 1 (one) year comprehensive and two (2) year parts warranty. Contact tenders@meridianmfg.com or call (800) 437-2334 for full details.

SCALE KIT

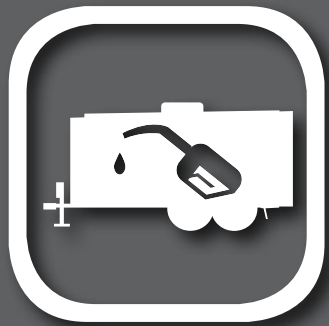

Meridian offers a standard scale on our 225RST and Auto-Convey™ smart scale system for our 240/375RT and 405SLD. Our Auto-Convey™ smart scale system takes the guess work out of dispensing the right amount of seed into each compartment. Simply program your active gate, set the weight to dispense, start the conveyor belt, and select the Auto-Convey™ button on the wireless remote. The gates will automatically close when the weight is met.

PROUDLY BUILT IN STORM LAKE, IOWA

MERIDIAN 520 FUEL TRAILERS

fueltrailers@meridianmfg.com | meridianmfg.com | (800) 437-2334

Basic

with DEF System

Refuel at your convenience using a Meridian fuel trailer. Our all-in-one trailers are equipped with a 6.5 hp gas engine and fuel pump that will get you back in the field faster than ever before!

QUALITY FEATURES & BENEFITS:

- DOT compliant
- High impact powder coat paint for durability
- 2 5/16" ball hitch
- Tandem 3500# torsion axels
- Standard front deck
- 520 gallon tank with single baffle
- Low profile design with high visibility
- Optional DEF delivery system

MERIDIAN 990 FUEL TRAILERS

fueltrailers@meridianmfg.com | meridianmfg.com | (800) 437-2334

Refuel at your convenience using a Meridian fuel trailer. Our all-in-one trailers are equipped with a 6.5 hp gas engine and fuel pump that will get you back in the field faster than ever before!

QUALITY FEATURES & BENEFITS:

- High impact powder coat paint for durability
- Structural rectangular tubing frame
- Tandem 7000# torsion axels
- Standard front compartment great for extra storage
- Diamond Plated Rock Guards
- 990 gallon triple baffled tank
- Low profile design with high visibility

- **Streamlined**
- **Safer**
- **Easy to service**

Model Shown: H1074XT

Heavy Duty HXT-PowerMove

High Efficiency Torpedo Infeed

Fast-Access Flighting Port

H-XT SERIES:

HYDRAULIC SCISSOR LIFT & TORPEDO IN-FEED

H10/13XT SERIES - MODEL SHOWN H1374XT

NEW H-XT FEATURES

All new features are standard on all H10XT & H13XT models.

NEW! High stability Truss Support

Eliminates excessive sway during transport & operation

NEW! Quick Flip Hopper Transport Arm

One person to transition arm to either side

NEW! Standard Axle Extensions

Extend each axle an additional 2 feet

CLASSIC FEATURES

Double Tapered Bearings

Designed to handle both radial & axial loads

Iron Edge™ Fighting (up to 50% thicker edge)

5/16" at intake; 3/16" through remainder

12 gauge Tubing

Nearly 2x thicker than 14 gauge

Hydraulic Safety Shut-off Valve

Keeps auger from settling while raised

Overflow Protection

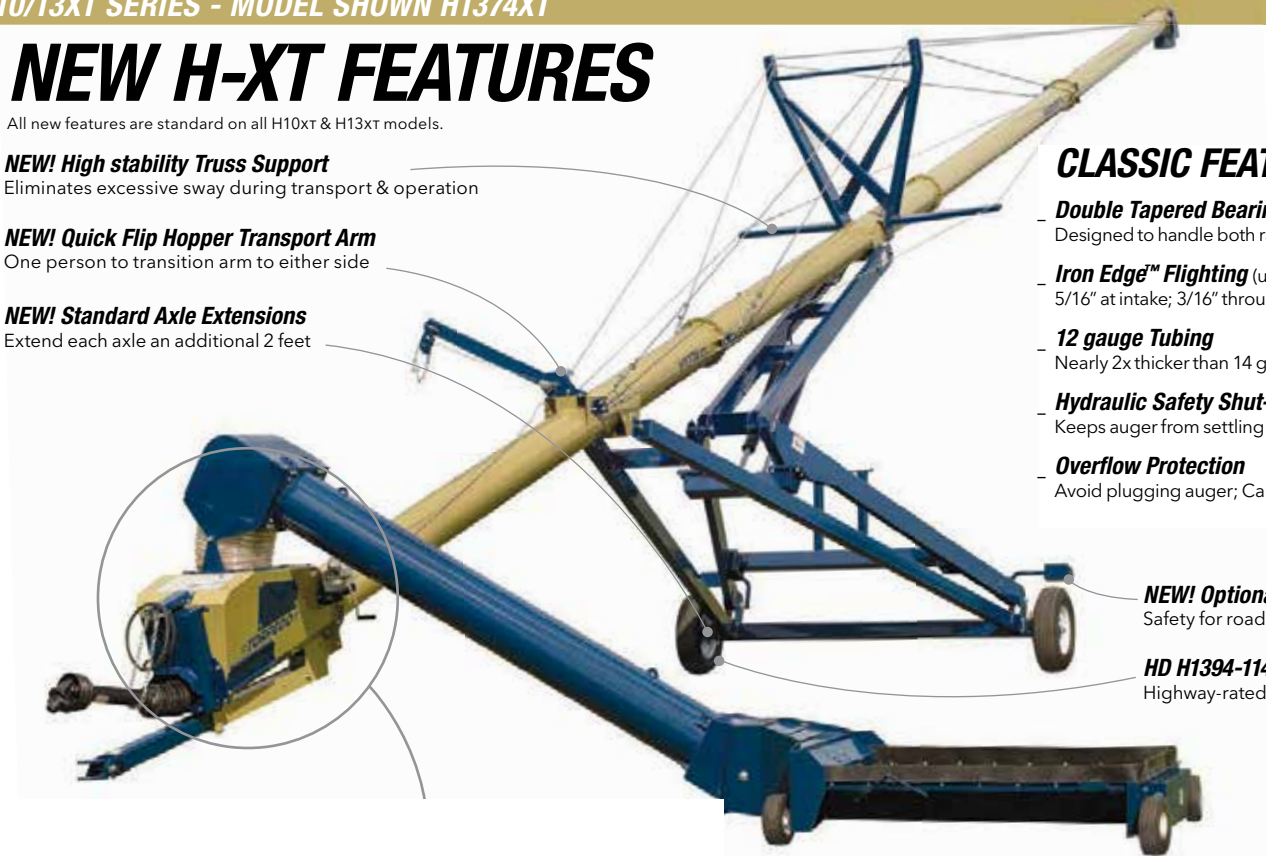

Avoid plugging auger; Can be latched shut

NEW! Optional Light Kit

Safety for road transport

HD H1394-114 Tires

Highway-rated flotation tires

NEW TORPEDO IN-FEED FEATURES

- ① Large discharge hood for easier serviceability.
- ② Dual chain coupler for better service & wear reduction.
- ③ Sealed boot transition to eliminate spillage & maximize capacity while minimizing interior weathering.
- ④ Tapered boot for optimized capacity at steeper angles.
- ⑤ Triple bolted flight connection for superior performance.
- ⑥ Fast-access flighting port: minimal parts removal to directly access & remove all flighting without any additional in-feed dismantling for unparalleled serviceability.
- ⑦ Hitch can be easily removed during service.
- ⑧ Large access doors for better serviceability & clean-out.
