About Us

Rast Family Farms have been in operation since 1889, harvesting generations of appreciation for hard work, honesty, and dependability. Southern living at it's finest, and hardest of times. Through it all – we pull together, for the love of God, Family, Land, and Selflessness.

Jesse Rast Enterprises has taken the family values from decades of farming, planting the seed for a better way to procure farm and agricultural equipment by eliminating “the man”, speeding up delivery, and doing what’s right. Family is special and we choose to specialize in farm and agricultural equipment.

Unlike traditional distribution, Jesse Rast Enterprises runs the equipment that is available in our portfolio.

Farm life is not transactional, and you will feel the difference in honest guidance and feedback by becoming a part of the Jesse Rast Enterprises family.

PRODUCT GUIDE ATTACHMENT AND APPLICATION SELECTION

HYDRAULIC BREAKERS

DESIGNED FOR AIDING IN CONSTRUCTION AND DEMOLITION OF CONCRETE STRUCTURES, ROCKS, ASPHALT, ETC.

FOR COMPACT EXCAVATORS, TRACTOR LOADER BACKHOES AND MID/LARGE EXCAVATORS

PRODUCT FEATURES:

- More power, more impact energy per dollar than any hammer on the market
- Designed with fewer parts to insure quicker and less costly maintenance
- Excavator models come complete with mounting bracket, hoses and 1 point of choice.

(additional charge for tamping pad and asphalt cutter)

WARNING: Chisel paste must be used with hydraulic breakers. Using high temperature grease as a substitution for chisel paste will cause damage to components of breaker.
